Week Ending : 1st May

Dear Parents

We have enjoyed a fabulous start to the summer term with the children taking part in a Chinese themed day to introduce their topic. The ribbon dances proved to be very popular, as did the wonderful range of food they were able to sample. These events are really valuable learning experiences as well as great fun! Thank you to the staff and children for making the day a great success.

Last week, the weather was extremely kind to us and the sun emerged just in time for us to have a brilliant open day, to celebrate the new classrooms and playground. The Mayor kindly 'cut our ribbon' as the children released their balloons. It was a magnificent sight for our crowd of onlookers as the balloons floated away to mark this occasion. The event was well supported by parents, carers, representatives from Bedford Borough, Kier and guests from the community. The Times and Citizen have also run a feature on this, so check out page 28 of this week's edition to see the fantastic photos of the day.

Mad Science is now advertised at a reduced cost as the school is subsidising it. Please sign up directly with Mad Science.

As from September 2015 the **Government** are raising the level at which a child becomes a persistent absentee. This will be going from 85% to 90% therefore the Education Welfare Service will become involved if and when your child's attendance is at 92% or below for **whatever reason**.

The **Government** are also increasing the schools total target to just under 96.5% . This is a maximum of 6 days absence, per child, per year and this includes absence for sickness. Our current attendance is way below the target at **93.8%**. This means we have had children missing for **484 days** leading to **2904 hours** lost education so far this year.
