Inspire, Enjoy, Achieve

Dear Parents/Carers

It is hard to believe that we have already been back at school for two weeks since the Easter break. The children in Squirrels class have enjoyed a fantastic Pirate Day as their stunning start to their Ships and Shipwrecked topic, looking for Blackbeard's hidden treasure!

Rabbits class have been trying to solve the mystery of how a Tyrannosaurus Rex managed to get into their class to build a nest. Images have been captured on CCTV is it going to return??????

Badgers class have incorporated numeracy into their new topic of Romans and have been exploring Roman numerals whilst researching their project keenly.

Otters class, as well as working extremely hard towards their end of year assessments, have been having lots of fun investigating Anglo-Saxons.

Thank you to everyone who attended the school expansion meeting this week, it is great to be able to share the plans currently being designed for your children's school. Please return the travel questionnaire that has come home in your child's bag today, it is important that we get your views.

Kind regards

Karen Headland

Class Trips

We do aim to enhance our children's learning topics with trips or visiting workshops in school where we can. We will not do more than one per term for each class and the contribution amount we will ask from you won't be any more than £15.00 per child. We will give you as much notice as possible if we intend to do an outing. Many thanks.

Head Lice In School

We are being made aware on an almost daily basis that some children in the school have head lice. Please can you all check your children's hair regardless of the length and treat if necessary as we would like to eradicate this. A reminder also that all children with hair shoulder length or below must be tied up in a ponytail, bunches, plaits etc. Many thanks for your support.
