

Highlights from this week

Rex our classroom dinosaur has been setting new challenges this week! He asked the children to make mini chocolate nests! The children of course happily rose to the challenge and enjoyed our early science activity. They thought about how they could change a solid into a liquid. They certainly enjoyed spooning the yummy mixture into the cup cases!

We also had quite a surprise when Rex's friend Rita accidentally left her giant dinosaur egg behind in our classroom! The children took great care of the egg. They were very gentle and said kind things to it. Thankfully Rita was able to collect her egg at lunchtime!

We have also enjoyed matching rhyming words and looking at all sorts of patterns.

The children looked marvelous and bright on Friday and enjoyed a colour scavenger hunt!

Next week in Cherry Class

We will be celebrating the Lunar New Year. We will be exploring and learning about how people all around the world celebrate this event.

Next term in Cherry Class

Our new topic is Growing and Changing.

We will start to learn about plants, animals and how people grow and change over time and lots more!

Key Dates

Last day of term - Friday 16 February 2024

First day back after half term break -
Monday 26 February 2023

We will be holding parent consultations - during week commencing 26th February and 4 March 2024. More information to follow.
