

## Highlights from this week

We have been busy learning vocabulary linked to our topic.

We looked at Mondrian's art work to help us explore lines and shapes. We have been thinking about straight lines.

We started creating our own mini stories.

We have enjoyed listening carefully to identify different environmental sounds. We also practised saying the letter sound s. Have a look at this website!

Finally, we hope you are enjoying our mini library service.

## Next week in Cherry class

We will continue to explore different shapes.

We will explore alliteration, words that begin with the sound same sound. This week will focus on the sound "s".

We will use clay to create our very own "fossils" and use different size pasta to make dinosaur skeleton pictures.

As we are really enjoying junk modelling we welcome donations of small boxes so we can continue to create dinosaurs.

Library day is on Monday!

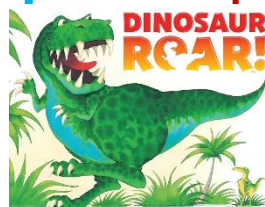

Please return your books on Monday so your child can choose another one.
