

Highlights from this week

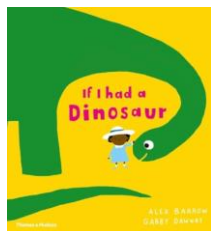

We created lots of dinosaur skeleton pictures by using different types of pasta. We looked carefully at similarities and differences.

We used clay to create little "fossils".

We explored the letter sound "s" and thought about different words that begin with that sound e.g. sun, sand, soup and snail.

We really appreciate your donations of small boxes please keep them coming in, we have super creative children! Junk modelling helps children to follow instructions, develop their fine motor skills and communication skills.

We are enjoying this book at the moment.

If your child uses nappies please feel free to send a pack of them into Nursery. Many parents already do this. We label the packets and we keep them safe in our nappy changing unit and it helps us get the children and adults back to playing and supporting the children quickly!

Next week in Cherry Class

We will continue to explore different shapes. We will look at Kandinsky's abstract picture for inspiration.

We have our very own message dinosaur and we are really hope he will leave us a message next week. Fingers crossed he will set us a challenge!

Dates

Number day - 7th February 2025 - more information to follow.

End of term - Friday 14th February 2025

Bedford Borough
Family Hubs
& Children's Centres
