

Highlights from this week

We had fun celebrating Chinese New Year. We made a super long snake and decorated our home corner with red lanterns and doorway signs to welcome the year of the snake. We also created a dragon out of junk modelling, so we can take part in a dragon dance.

We explored circles this week. We looked at Kandinsky's abstract picture for inspiration.

We listened to the letter sound "a" and thought about different words that begin with that sound e.g. ant, anchor, apple and arrow.

Our message dinosaur left us our first message and we were very keen to rescue all the dinosaurs that had become trapped in the classroom. We are looking forward to more challenges over the next couple of weeks!

If your child uses nappies please feel free to send a pack of them into Nursery. Many parents already do this. We label the packets and we keep them safe in our nappy changing unit and it helps us get the children and adults back to playing and supporting the children quickly!

Next week in Cherry class

We will be creating different types of patterns.

We will be playing lots of games to support our attention and listening skills.

Take part in music lessons with instruments and singing lots of different songs.

Finally, we will draw a dinosaur that we would like to bring home!

Dates

Number day - 7th February 2025

End of term - Friday 14th February 2025

Friday 7th February

Number Day and Shine Bright Wear it Bright!

As many of you are aware we love maths here at Nursery and we can't wait to celebrate Number Day on Friday 7th February. **Children are invited to wear something bright, a number or a pattern or all three!**

We have lots of fun maths activities and games planned.

A £1 mufti donation is also required and will be shared between the NSPCC and the Chums Charity.
