

### This week in Nursery...

We have really enjoyed taking part in our forest school sessions and our welly walks. The children's independence is developing as they learn to get themselves ready for our sessions. They are also learning about the importance of the blue rope! All these skills develop their confidence and independence which directly supports their learning attitude in other areas of school life. It helps children to say "I can do it...." Or "I can try it..."

It was fantastic to see Mrs Zobian who brought baby Jessica into school so we could revisit our learning about young children. Ms Badley kindly brought her guinea pigs into school too. I am sure you heard all about them!

The children looked great wearing red, white and blue. We also enjoyed making flags.

### Things to know

Last day of term – Friday 23 May 2025

Training day (School closed) – 2 June 2025

Return to school on – 3 June 2025

### Next week in Cherry Class

We will change all the library books on Monday - please remember to return your old books.

We will continue our forest school adventures on Tuesday and our welly walks on other days.

We will be learning about wild and endangered animals. We will focus our learning on elephants and will enjoy stories, creating models and pictures of elephants.

We will continue to practise matching rhyming words and many other exciting learning opportunities that arise as the week unfolds.

### Focus skill

This week will continue to focus on being able to have an extended conversation about a book. Can you enjoy a story together and enjoy talking about what might happen next and how the story might end?

### Forest school sessions - Update

Every Tuesday morning and afternoon we will be enjoying forest school sessions which will take us out and about around the school site.

Children will need to wear clothing that covers their arms and their legs to take part in the activities.

Please make sure either they have a light weight cardigan, leggings, long sleeved top, trousers or joggers with them on Tuesdays! Especially if they wear a summer dress that day!

We have their wellington boots, waterproof coats and waterproof trousers at the ready. We will be outside whatever the weather!
